

AUTUMN LEAF SENSORY BAG

RAINBOW TRUST

SUPPORTING FAMILIES WITH A SERIOUSLY ILL CHILD

You will need:

Colour A4 paper or card

Pencil and scissors

Plastic food bag (with seal)

Tape

Red, green and yellow poster paint

Create an autumnal sensory leaf - a mess free painting activity!

1. Draw a leaf onto the paper, and cut out carefully to leave a leaf frame.
2. Carefully place dots of the paint into plastic food bag and seal.
3. Tape the bag down onto the worksurface. Place the leaf frame onto the bag and tape down.
4. Move the paint around the bag - creating swirls and mixing colours.
5. Take the tape off the worktop, and tape the bag to the back of the leaf frame to keep your picture.
