

# BOOK WORM PEN POT

**RAINBOW  
TRUST**

SUPPORTING FAMILIES  
WITH A SERIOUSLY ILL CHILD

You will need:

4 toilet  
roll tubes

paper

scissors

paints

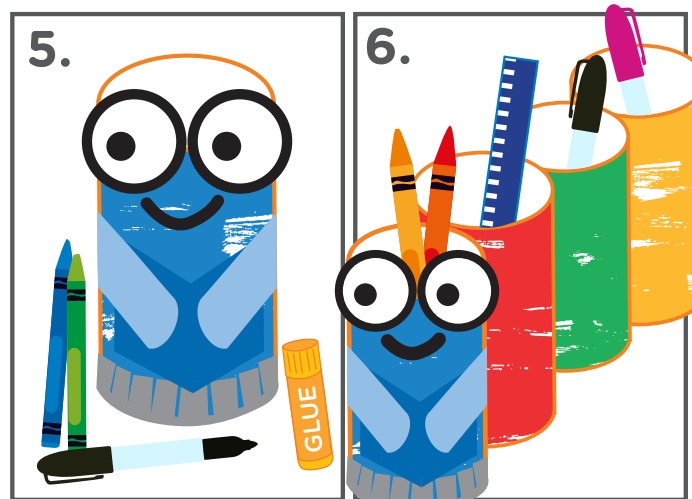

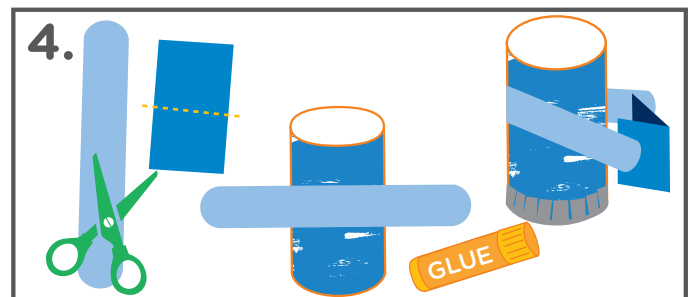

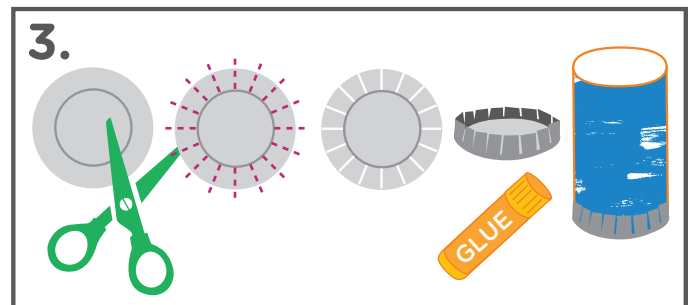

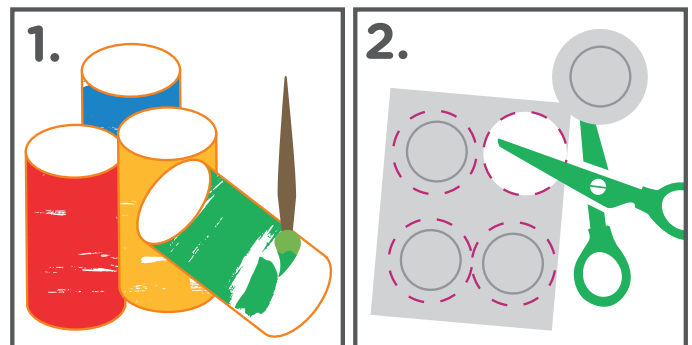

pens or  
crayons

glue

## Make a book worm pen pot!

1. Paint each toilet roll tube a different colour.
2. Place a tube onto paper and draw round the circle end. Draw a bigger circle around the outside, and cut out. Make 4 of these.
3. Snip round each circle into the drawn line and fold the tabs upwards. Glue the tabs and stick to the bottom of the tubes to form a base for your pots.
4. Cut out a long rectangle and paint the same colour as one of the tubes. Glue it around one tube to form arms. Add a small folded rectangle of paper to look like a book. Glue this into the arms.
5. Add a face to your bookworm with cut out paper for eyes and draw on a smile.
6. Glue the tubes together to make the worm and keep your favourite pens and pencils in it ready for homeschool!
