

DIY JIGSAW

You will need:

Old cardboard box

Pens or paints

Scissors

Make your own jigsaws with your own artwork!

1. Cut the cardboard to the size you want your jigsaw.
2. Draw your picture - something bold and bright.
3. On the back of your picture, plan the puzzle by drawing connecting shapes. The more shapes you draw, the harder the puzzle!
4. Cut out the lines drawn.
5. Have a go! Why not make a rainbow and #ShareYourRainbow with us on social media!
