

# PEG MONSTERS

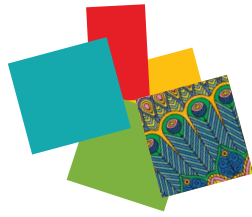

**RAINBOW  
TRUST**

SUPPORTING FAMILIES  
WITH A SERIOUSLY ILL CHILD

You will need:

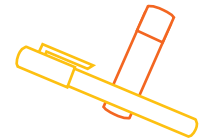

Pegs

Colour paper,  
wrapping paper or  
old magazines

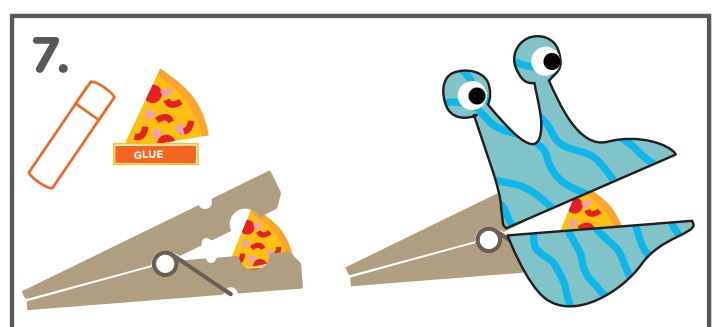

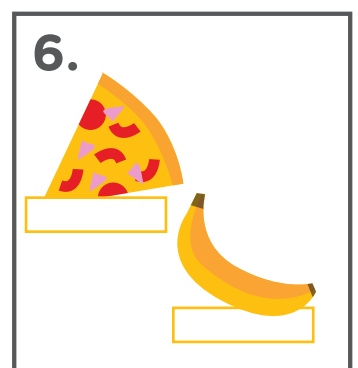

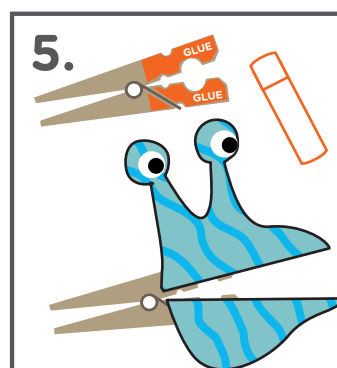

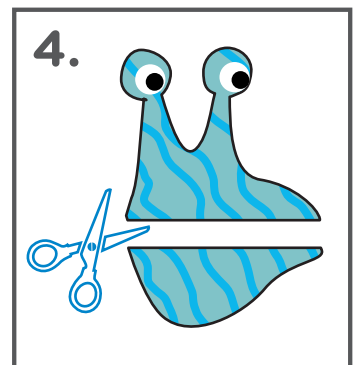

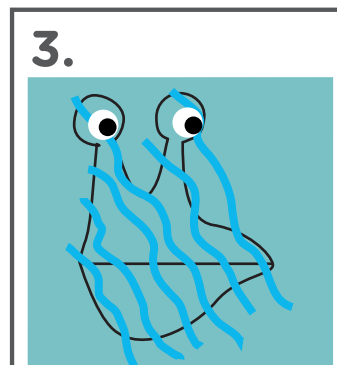

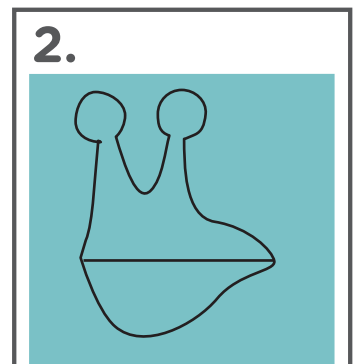

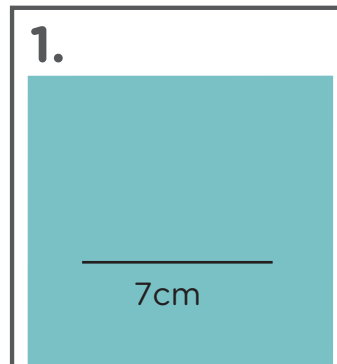

Scissors

Pen and glue stick

**Create some hungry monsters  
use your imagination to make  
their favourite food!**

1. Draw a line 7cm long on a piece of paper.
2. Draw a shape around the line, this will be the head shape of your monster.
3. Add eyes, and patterns onto the monster.
4. Cut out the monster and cut straight across the line - so you will have a top and bottom.
5. Put glue onto the side of the peg, and attach the top and bottom of the monster's mouth.
6. Create a piece of food from paper, and add to a tab at the bottom - cut it out.
7. Add glue to the front of the food tab, and attach to back of the peg. Bend the food slightly back so it does not get caught in the peg.
